ABOUT ME

I'm a self-taught web developer with a lot of energy, eager to learn more, create things and discover new experiences.

I can adapt easily to new situations and problems. Always facing new challenges to keep improving my skills.

SOFT SKILLS

Creative, resilient and with a lot of energy. Leadership, communication, idea interpretation. Analytical though and problem resolution.

LANGUAGES

Español - Nativo

English - Intermediate

PROJECTS

[Drum machine with React](#)

[Quiz app with React](#)

[Random quote machine](#)

EXPERIENCE

Freelancing (Web developer)

January 2022 - To date

- Design web apps using HTML/CSS and React.js

Crack the Code (Teacher)

October 2022 - To date

- Teach children and young people about programming using strategies and systems created specifically for them

Cromacril Arte & Diseño (Design Area)

February 2021 - September 2022

- Take control, manage and prepare different designs for printing and cutting, using tools like Illustrator.
- Print the designs on vinyl and install them on different kinds of furniture.
